Our mission is to 'promote healthy lifestyles through volleyball, facilitating safe opportunities for fun exercise'. We believe that volleyball in WA is underpinned by the following values that drive our priorities and initiatives: inclusive, family, respect, growth, wellbeing and accessible.

- Participation
- State Teams and Events
- Marketing
- Places to Play
- Operations and Development

Further information about the Board and the staff can be found on the VWA website, www.volleyballwa.com.au

Sponsor Conflicts

VWA recognises that organisations already have in place and have an ongoing need to pursue a variety of sponsors. VWA does not seek to limit these sponsors, except in situations where the sponsorship may collaterally damage VA / VWA brands or the goodwill of VWA / VA major sponsors. To avoid any issues with sponsor conflicts, the organisation must provide a list of sponsors (where signage or branding is visible to the public) to VWA as part of the affiliation application. VWA reserves the right to request affiliates to cease sponsorship or sponsorship discussions if the partnership is likely to impact on current VWA sponsorship arrangements.

After becoming an Affiliate, any new sponsorship arrangements must be notified in writing to VWA. VWA acknowledgement and (if required) endorsement will not be unreasonably withheld, but VWA absolutely reserves the right to safeguard their peak body sponsorships and goodwill as the highest priority.

Member Protection

VWA places the upmost importance on the provision of safe activities and environments for all. For assistance with Member Protection initiatives, please contact development@volleyballwa.com.au.

Codes of Behaviour

The VA / VWA Member Protection Policy provides 'Codes of Behavior', which form the basis of appropriate and ethical conduct by which everyone must abide by. The VA Member Protection Policy is available on the Volleyball WA website, www.volleyballwa.com.au.

Working with Children Check

In WA, the Working with Children Check (WWCC) is **compulsory** for people who engage in 'child related work' (paid or voluntary), unless exemptions apply. It is the responsibility of the organisation to comply with the Working with Children (WWC) legislation which includes:

- Ensuring that everyone who needs a WWC Card obtains one, refer to page two – <https://workingwithchildren.wa.gov.au/docs/default-source/default-document-library/factsheet-18-wwc-checks-in-the-sport-and-recreation-sector-2015.pdf>
- Not engaging anyone in child related work if they have a negative notice or interim negative notice. <https://workingwithchildren.wa.gov.au/employers-organisations/managing-wwc-checks/action-a-negative-notice>

It is vital to keep records to be able to demonstrate compliance with your obligations under the WWC Act. Information that needs to be recorded in a secure and confidential way (and required for auditing purposes) includes:

- WWC Check application numbers (where applicable), WWC Card numbers and expiry dates for everyone who requires a WWC Card
- reasons for exemptions (if applicable)
- all notifications from the WWC Screening Unit
- any Interim Negative Notice(s) or Negative Notice(s) issued and the action taken by your organisation

Platinum, Platinum Regional & Gold Affiliates --please ensure that WWCC information is provided on the Workforce Matrix. Failure to provide this will result in your application for affiliation deemed incomplete. Further information about the WWCC can be found with your Affiliation Pack and a sample record keeping sheet can be found on the website: <https://workingwithchildren.wa.gov.au/employers-organisations/managing-wwc-checks/record-keeping>

Member Protection Information Officer (MPIO)

The role of the MPIO is to act as the 'go to' person to discuss a problem, providing information and guidance on the organisations complaints procedure. VWA have a network of trained MPIO's, however also believe that it is important for organisations to appoint a trained MPIO or at least nominate a contact person on the committee, as required on the affiliation form.

Formal MPIO training can be accessed via Play by the Rules (free online course) followed by a workshop run by the Department of Local Communities, Sport and Cultural Industries. VWA would recommend that all committee members complete the free on-line course as best practice, <https://www.playbytherules.net.au/online-courses/mpio-online-course>

Safe Clubs for Kids

Safe Clubs for Kids is an initiative to encourage sports organisations to adopt a proactive approach to creating safe environments for children and young people. Undertaking a WWCC is only one element and there are other areas that should be considered. Safe Clubs 4 Kids workshops are run throughout the year and all affiliates will be notified via Volleyvoice and the VWA Facebook page.

Risk Management

The effective management of risk is a collective responsibility to ensure that the sport achieves its vision and mission. VWA adopts a structured and consistent approach to assess and treat all types of risk, at all levels and for all VWA activities. By understanding and addressing its risks, VWA aims to provide greater certainty and security for its members, employees, volunteers and stakeholders. Affiliating organisations have a responsibility to ensure that all guidance from VWA is communicated to, and understood by the appropriate members, policies and procedures are adhered to and issues are reported immediately.

Non-Compliance

By applying for affiliation, the organisation understands that they are bound under the Constitution and policies of VWA and that VWA is under no obligation to continue affiliation should the organisation fail to uphold their obligations.
